## Agreement

Efficiency Manitoba (“EM”) offers the Métis Energy Efficiency Offers (the “Offer”) to an eligible homeowner (the “Owner”) of a residential building (the “Building”). The Owner may reside in the Building or own the Building as a rental property for the building occupant (the “Tenant”). This Application will be assessed for the purpose of determining eligibility based on qualifying household income amounts, satisfaction of the terms and conditions set out below and as set out in Appendix A - Offer Eligibility Criteria which forms part of this Agreement. Qualifying household income is based on the total income of the household member(s), inclusive of the Owner(s) and/or Tenant(s) that are 18 years of age or older, who reside in the Building (the “Occupants”).

**The Métis Energy Efficiency Offers Eligibility Application (the “Application”) is conditional on APPROVAL by EM and forms a binding agreement on the Owner. All information provided by the Owner must be true and correct as at the application date. The Occupants are required to provide income verification documents, and approval of such application only constitutes acceptance into the offer based on Income Qualification thresholds/eligibility for a Home Energy Check-Up and does not imply approval for energy efficiency upgrades. This Application must be APPROVED BY EFFICIENCY MANITOBA BEFORE a Home Energy Check-Up is performed. No other work can begin until the subsequent required agreements and work orders are submitted and approved. See [efficiencyMB.ca/meeo](http://efficiencyMB.ca/meeo) for income thresholds, submission guidelines, and current offer offerings/eligible energy efficiency upgrades.**
