

If you would like to receive your Conservation Trust Fund (CTF) Sticker and big game tags for the 2021-22 Harvesting season, they will be available for order on April 1st, 2021.

In order to adhere to physical distancing policies and ensure the safety of our citizens and staff, we will be allowing Metis harvesters to receive their CTF sticker and big game tags in the mail. If you would like to take advantage of this option, please contact your Regional Office for assistance.

When you speak with your Regional Clerk, advise them that you would like to purchase your CTF sticker and big game tags. The Clerk will ask you to complete a mandatory harvesting survey, which identifies what you harvested in the last season. This survey can be completed by the Registry Clerk with you over the phone or you can print a copy on the MMF website.

The Clerk will record your name and will prepare your harvesting package. There will be a CTF Purchase Form available on the MMF website. Please print the form, fill it out and submit it along with any remaining big game tags you have from last season and \$25.00 for your CTF purchase (cash and money order are current acceptable methods of payment) to your Regional Office. Once payment is received in the office, your package with your CTF sticker and big game tags will be mailed to you.

In the coming weeks, we are excited to announce the introduction of an online Harvester Survey. If you are not planning to harvest in the beginning of April and you wish to wait and take advantage of this new online feature, you may wait and purchase your CTF at a later date to do so. Please watch the MMF website in the month of April for more information.

Once you receive your package with CTF sticker and big game tags, please make sure to append your sticker to the back of your harvester card **BEFORE** you go harvesting to ensure your card is valid. Under our Metis Laws of the Harvest, Big Game season does not open until July 15th. Please ensure you follow our Metis Harvesting laws and wait until July 15th or after to start big game hunting with your new tags.

The MMF recognizes that this process is different from what we are all used to doing and we may experience some delays getting your CTF to you on April 1st, 2021. To assist our Metis harvesters

during this transition period to get your 2021-22 CTF sticker, the MMF will still recognize the 2020-21 CTF sticker as being *valid until April 18th, 2021*. This will give all of our harvesters time to receive your new CTF sticker and big game tags in the mail after April 1st, 2021.

If you have any questions, please contact your Regional Office or the Central Registry Office at (204) 586-8474.
